Message from the Mayor

The arrival of Spring in the City of Sharonville brings many traditions -- our egg hunt at Gower Park, children and adults taking over the ball fields throughout the City, the blooming of the Bradford Pear trees along Thornview Drive, and boys taking their moms to prom, to name just a few. One special Sharonville tradition is the opening of the Root Beer Stand along Reading Road. 2017 marks RBS’ 60th year of serving footlong hot dogs and the best Root Beer I’ve ever tasted. This small business has provided opportunities for young people to experience their first jobs, sponsored Sharonville Youth Organization sports teams, and has been a staple of our community since its opening in 1957. While much has changed in 60 years, everyone knows that the Root Beer Stand will always be a place to enjoy a cool drink and affordable eats.

The Root Beer Stand is only one of many great small businesses that help make Sharonville run. I am pleased to announce an opportunity the City is making available to these partners in progress. City Council has approved a small business grant program. It will make available to small businesses funding to make investments in improving their properties. The City’s Economic Development team is rolling out the program this spring. We expect to see some changes to the landscape of our City throughout the summer months. The City has designated $50,000 to begin this initiative. With success, we are open to exploring increased and continued funding.

My family hopes to see you on a stool at the Root Beer Stand during this 60th season. Enjoy your spring here in Sharonville!

Kevin M. Hardman

Root Beer Stand

The Root Beer Stand, the wonderful eatery that signifies summer in Sharonville, opened as an A & W Root Beer Stand in 1957. Back then Sharonville was a small railroad town. The Stand stood on what were then the outskirts of town on Rt. # 25 (Cincinnati-Dayton Road), the main road from Michigan to Florida. In those days, before interstate highways crisscrossed America, a large number of daytime customers were travelers or truck drivers. Many of The Stand’s visitors lived nearby. Back then, the vast majority of homes and cars weren’t air-conditioned. So, it was a great treat for the family to hop in the car, PJ’s and all, and head out for an ice cold mug of root beer.

Even though it was more or less in the middle of nowhere, The Stand was an immediate success. Saturdays were packed with little league baseball teams coming in after their games for a mug of root beer, which, by the way, cost a whopping nickel back then.

In 1957, as is true today, most of the employees were teenagers working for the first time. They were all carhops then with a standard uniform of black slacks, white blouse and white gym shoes. But never roller skates. It was hard work carrying those heavy trays filled with glass mugs and foot- longs, especially in the hot, humid summers we get around here. The customers loved the carhops. When they recall the good old days at The Stand, they talk about the carhops the most – right after the nickel mugs of root beer. Car hopping came to an end in 1972 for various reasons, including the growing theft of mugs and trays.

The original location remains the one and only site of the Root Beer Stand. The property boasts a well that’s 280 feet deep. Water from this well contributes to the distinctive flavor of The Stand’s root beer and makes it taste sooooo good. Except for the addition of exterior siding a few years ago, The Stand looks pretty much the same as it did in 1957. The building was set up so customers were either waited on by carhops or walked up to two screened windows for carryout service. In 1957, all the food and drinks were prepared where today’s waitresses stand and take orders. When they recall the good old days at The Stand, they talk about the carhops the most – right after the nickel mugs of root beer. Car hopping came to an end in 1972 for various reasons, including the growing theft of mugs and trays.

Cincinnati Magazine has named it as the best place to quaff a root beer in town and ranked “The Stand” in the number 12 slot among the “Top 100 Places in Cincinnati.” The business has been a close-knit family operation since day one and they treat their customers like family too. Join us in Raising a Mug to the Root Beer Stand, as they celebrate their 60th Anniversary. Thank you for the memories, we look forward to many more!

Coyote Information

In the recent past, the City has received some questions related to coyotes. Per the State of Ohio’s Division of Wildlife and the Hamilton County Wildlife Officer, there is very little Sharonville, or any City, can do to eradicate the coyote population. Per these authorities, coyotes removed from an area through trapping or hunting quickly re-populate the area as there are always coyotes on the periphery waiting to move into a newly vacated territory. In areas where there have been reductions in the coyote population due to human efforts, coyotes typically increase their litter size until the population is again brought to a level the habitat can sustain. Per the State officials, eradicating coyotes would not necessarily be a good thing either as they are critical to the control of rodent populations. It was suggested that the City, and our residents, read the information at the following website as it is one of the best that exists regarding coyote research: http://urbancoyoteresearch.com.

There are things that residents can do, as mentioned below, to discourage coyotes:

- Never feed or attempt to tame a coyote. These attempts only serve to make the coyote more habituated to the presence of humans and less fearful.
- Discourage coyotes by removing all foods sources that would attract the animal to your yard. Never leave pet food, water, food containers, or garbage outside, and clean up around backyard grills.
- Don’t put garbage out until the morning of your scheduled pickup.
- Keep bird feeders from overflowing – seed on the ground attracts small mammals that coyotes prey on.
- Fence in vegetable gardens. Pick up fruits or berries that fall from trees in your yard.
- Close off crawl spaces under porches, decks and sheds.
- Install outdoor lighting triggered by motion detectors. Loud noises also scare away coyotes.
- Clear bushes and dense weeds where coyotes may find cover or decide to create a den.
- Keep small dogs and cats inside or in a completely fenced in area, particular at night when coyotes are most active. Walk your dog on a leash and do not leave your dog unsupervised.
- Trim and clear away ground level shrubbery or brush that provides cover for coyotes.

If the coyote appears aggressive and continues to be a nuisance after removing “attractants” from your yard, call a nuisance trapper. Nuisance trappers use regulated techniques to reduce urban wildlife conflicts. For more information about trapping or to locate a trapper call the Ohio Department of Natural Resources’ General Wildlife Line: 1-800-WILDLIFE

Energy Aggregation Update

The Sharonville Natural Gas Aggregation program served by IGS Energy ends in June 2017. The City is currently evaluating suppliers and pricing for the next term. Letters will be mailed to all eligible residents in early May outlining the offer - look for the City of Sharonville logo prominently displayed on the envelope. At that time, you will be given the opportunity to “Opt out” of the program and thereby return to or stay with the utility for your supply. To be considered eligible, you must: a) be located in the City of Sharonville; b) have a residential or small business account; c) be a member of the City’s aggregation program OR currently be with Duke utility for your natural gas supply; d) not be a participant in the utility’s PIPP program; and e) not be in arrears on your utility bills. Accounts being served by other suppliers are not eligible to receive information on the City’s program. The current Sharonville Electric Aggregation program ends in December, 2017. If you have questions and want additional information on either program, please visit the City’s website or call Jennifer at 513.481.7954.

Be aware of solicitations from third party natural gas and electric suppliers. It is never a good idea to give out your utility account number over the phone or to a door-to-door solicitor. If you receive an independent offer for supply through the mail, evaluate it carefully for price and contract terms. You may voluntarily leave either of the City’s aggregation programs to pursue another offer without penalty at any time.

Sharonville Downtown Alliance

The Sharonville Downtown Alliance meets monthly on the third Thursday of the month at 8:30 AM at Alreddy Café. Upcoming meetings will be held on March 16th, April 20th, May 18th, and June 15th. Meetings are open to anyone wanting to be involved with our downtown loop and participate in its vibrancy! If you would like more information about the Downtown Alliance, contact Katy Huffman at khuffman@cityofsharonville.com. Remember to support your hometown and shop local!
I recently got a flat tire while my mom and I were traveling on I-75 on a cold Saturday night. Lieutenant Schoonover arrived to make sure that my mom and I were okay. He then located the spare tire (which was not an easy task in my minivan) and changed the tire himself before AAA even arrived. He was extremely nice, and we really appreciated that he was willing to go out of his way to help us.” [1 of 2]

“Last summer my wife and I went through a rough patch; Schoonover handled our issue with grace and most importantly, compassion. I will never forget his professionalism.” [2 of 2]

“I work for Unified Purchasing Cooperative, and we held our annual Product Fair at the Sharonville Convention Center this past Wednesday. Since many of our exhibitors are food vendors cooking at their booths, we have been required for the past two years to have a Fire Watch. John Eichelbacher has filled that role both times. I plan the Product Fair each year but was sick on the actual day in 2016 so I couldn’t be there; however, I was at the Fair this year so I was able to meet John. He was both professional and courteous. One quick story: I observed him asking a woman who was obviously lost if he could help. Instead of pointing her toward our registration desk, he went out of his way to escort the woman to the correct meeting room. I thought you’d want to know about an employee who is a good representative of your fire department.”

“I am writing to commend the entire tax department. I have never encountered a more amazing combination of competence and friendliness in a tax office. In particular Faye (I do not remember her last name) helped me out of a confusing situation 3 years ago due to a payroll company error, steering through the mess and contacting Deer Park and Blue Ash on my behalf. Three years later she remembers me and continues to provide support. And while I single out Faye, she is representative of the entire office. This office should provide workshops on government service for every local, state, and federal department. I never thought I would say this, but filing taxes at this Tax Dept. is one of the most enjoyable things I do.”

Residents can nominate neighbors who stay under the radar, doing good works without applause. We encourage all to share with us those people in their life who make our city an amazing place to live.

Golden View Acres is a Senior Citizen Retirement Village. This 52 unit apartment complex is located on Greensfelder Lane off Thornview Drive. In order to be eligible for tenancy, a person must be at least 57 years of age and a Sharonville resident for at least one year; or be a parent, grandparent, brother or sister of a Sharonville resident who has resided in the City for one year.

Ohio Task Force on Community-Police Relations

In December 2014, Governor John Kasich signed an executive order announcing the Ohio Task Force on Community-Police Relations after a series of incidents in Ohio and around the nation. The task force included 24 members representing the governor, legislature, attorney general, chief justice of the Supreme Court of Ohio, local law enforcement, organized labor, local community leaders, the faith-based community, business, municipalities and prosecuting attorneys.

On April 29, 2015, after a series of public forums, the Task Force delivered its final report to the Governor, who in turn, established the Ohio Collaborative Community-Police Advisory Board to oversee implementation of recommendations from the Task Force. These recommendations became state standards for use of force including use of deadly force and agency employee recruitment and hiring. These two areas are just the beginning of what will eventually become a much more inclusive and much needed standardization throughout the state. The standards will hold every police agency accountable and are designed to instill a greater confidence within the communities that these departments serve.

Police agencies throughout Ohio were asked to submit extensive documentation reflecting four key elements within these specific policies:

1. Policy and Procedure
2. Knowledge and Awareness (read & sign the policy)
3. Proficiency (training and testing on the policy)
4. Compliance (agency accountability)

The Sharonville Police Department submitted 305 pages of information supporting its compliance. I am proud to announce that on January 31, 2017, we were issued our first Ohio Collaborative Agency Certification.

Police Wellness Training

The City of Sharonville, in an effort to promote a more healthy and resilient workforce, has for years emphasized employee wellness. Although the Police Department has always participated, recently we’ve been looking for more. Because of the intricacies specific to a career in law enforcement, we have worked diligently to find ways to help our officers understand the stressors and the potential costs associated with the profession.

All of the officers and clerk/dispatchers have recently attended Blue Courage training. Blue Courage is a 16-hour course designed to “touch hearts, awaken minds and ignite spirits.” The goals of this training are self-improvement, increased engagement, stress management, and resilience. These goals will improve the overall health and well-being of the individual officers, making our department stronger and more connected to those we serve, our community, and our families. The program also focuses on the guardian role that officers serve in society, de-escalation skills such as stress management, increasing engagement, and fighting cynicism. The goal is to keep ourselves healthier to better serve our community.

AAA Platinum Traffic Safety Award

The City of Sharonville was recently honored at the 2016 AAA Traffic Safety Awards ceremony with the Platinum Award.

Sharonville was among 16 jurisdictions and police departments in Greater Cincinnati that were honored. The agencies were selected for their exemplary programs that address issues from impaired and distracted driving to teen and senior driver safety. Honorees are selected through an application process for the awards which are given out annually in categories based on levels of traffic safety excellence.

AAA takes into consideration traffic safety programs, presentations, roadway improvements, and trends in traffic statistics to show accomplishments in meeting traffic safety goals. Traffic Safety Awards were presented in four categories – Platinum, Gold, Silver and Bronze. This year’s award was based on efforts in the year 2016.

Lt. Mark Preuss accepted this year’s award from Tom Wiedemann, President and COO of AAA, during a special ceremony on November 30th. Due to our safety efforts, the Sharonville Police Department has received the Platinum Award every year since 2005.
Meet Our New Fire Chief
Kirk Mousa started with the Sharonville Fire Department in 2003 and has held multiple ranks in the Fire Department leadership structure. He is married to Carol and has two teen age sons. Chief Mousa has stated that he intends to honor the heritage of the past, but intends to strive for the improvement of the department and continue its position as one of the best fire departments in the area.

Spring Hydrant Maintenance
As the weather starts to warm up you may notice crews out servicing your closest fire hydrant. This maintenance is performed twice a year, but the spring is the season in which we assure the hydrant is operational. This means you will see water flowing from the hydrant. If you encounter any problems as our crews perform this vital service please call fire headquarters at the number listed in this publication and we will be more than happy to try to assist you in your needs.

Spring Cleaning?
Don’t forget to check your dryer!!

Follow these simple safety tips to prevent a clothes dryer fire in your home:
• Have your dryer installed and serviced by a professional.
• Do not use the dryer without a lint filter. Clean the lint filter before and after each cycle.
• Do not forget to clean the back of the dryer where lint can build up.
• Check the venting system behind the dryer to make sure that it is not damaged, crushed or restricted.
• Make sure that the outside vent covering opens when the dryer is operating.

Failure to clean often leads to home clothes dryer fire!
